

QuickView™ Replacement Shield

Model QV96CS7-2

Product Data Sheet

Injection molded clear face shield measuring 8" x 15 ½" x 0.060" with a 6" nanoparticle shade 7 cobalt blue flip-front shield and cap bracket for slotted caps.

Product Details	
Product Name	QV96CS7-2
Material	Shields-Polycarbonate Bracket-Nylon
Color	Shields-Clear/Shade 7 Cobalt Blue Bracket-Blue
Product Weight	0.84 lbs
Specification	ANSI.Z87.1+
Description	Injection molded clear face shield measuring 8" x 15 ½" x 0.060" with a 6" nanoparticle shade 7 cobalt blue flip-front shield and cap bracket for slotted caps.
Competitive Advantage	Optimizes visibility by allowing for a clear view for certain applications and a shade 7 cobalt blue view for welding applications. Since the shield is injection-molded to shape, it features improved optical & physical characteristics. The formed shape also improves comfort & safety considerations. The polycarbonate material performs excellent against both high impact and high temperature applications. The nanoparticles in the outer shield give it an improved impact value, longer service life, and compatibility with higher quality protective coatings.
Applications	Gas cutting & welding. Impact: Chipping, grinding, machining, masonry work, riveting, & sanding. Glare.
