

QuickView™ Replacement Shield

Model QVCS7-6

Product Data Sheet

Injection molded 6" nanoparticle shade 7 cobalt blue replacement flip-front shield.

Product Details	
Product Name	QVCS7-6
Material	Polycarbonate
Color	Cobalt blue
Product Weight	0.20 lbs
Specification	ANSI.Z87.1+
Description	Injection molded 6" nanoparticle shade 7 cobalt blue replacement flip-front shield.
Competitive Advantage	Optimizes visibility by allowing for a clear view for certain applications and a shade 7 cobalt blue view for welding applications. Since the shield is injection-molded to shape, it features improved optical & physical characteristics. The formed shape also improves comfort & safety considerations. The polycarbonate material performs excellent against both high impact and high temperature applications. The nanoparticles in this shield give it an improved impact value, longer service life, and compatibility with higher quality protective coatings.
Applications	Gas cutting & welding. Impact: Chipping, grinding, machining, masonry work, riveting, & sanding. Glare.
