

SPLASH AND CONTACT COLD PROTECTION FROM THE EXTREME HAZARDS OF LIQUID OXYGEN

- Static dissipative
- Flame resistant
- Protection from liquid oxygen splashes
- Provides superior LOI (Limited Oxygen Index) results
- Adjustable straps at the neck and waist to ensure a proper fit
- Quick-release buckles at the neck and waist for swift on/off function
- Lightweight, waterproof and comfortable
- **Applications:** General operations involving liquid oxygen, handling cryogenic valves, supply cylinders and transfer hoses, filling and delivering cryogenic compressed gas cylinders
- **Industries:** Aerospace, Industrial cryogenic gas delivery and use, Bio-medical, Home health oxygen services, Laboratory

 Cat. III Pending

Caution: Not intended for immersion in liquid nitrogen or other cryogenic liquids.
