

Arc Shield for Hoods

Model IM22-AFA2-40V

Product Data Sheet

Arc flash protection face shield with Velcro® pattern for hoods. ATPV 40 calories. Available for purchase only through Paulson's OEM customers. Contact Paulson for OEM contact information.

Product Details	
Product Name	IM22-AFA2-40V
Material	Polycarbonate
Color	Green
Product Weight	0.74 lbs.
Specification	Meets NFPA 70E; Meets/Tested ASTM F2178; ANSI Z87+S.
Description	Dual lens arc window. Injection molded to shape. Velcro® riveted design securing three layers together (Velcro®, window, and gasket). For use with hoods. Rated 40 cal/cm².
Competitive Advantage	This product maximizes the ATPV (Arc Thermal Protection Value) of 40 cal/cm². Excellent field of view. Premium anti-fog and anti-abrasion coated for a longer service life. Structurally sound while giving the product a self supporting frame.
Applications	This arc window is used in association with dielectric head protection and accessories to provide protection from the hazards of arc flash. Arc flash is a defined hazard by NFPA-70E.
Comments	See the videos on Paulson's arc flash products at: http://www.paulsonmfg.com/videos.php Do not use this arc window for electric arc welding exposures.
